

# Tapeswitch

## Introducing a New Safety Product Line

For the last 50 years, Tapeswitch has been a major player in the development and design of sensors for safety applications providing a full spectrum of sensing and signaling products for protection, detection, and safety. They currently have the widest range of safety mat, sensing edge, and sensing bumper products available anywhere in the marketplace.

### SWITCH PRODUCTS

A diverse selection of products including ribbon switches, touchpads, foot and hand switches, tactile remote switches, vehicle sensing products, and innovative custom designs.

Switch Products

### SAFETY & SIGNALING MATS

The broadest range of standard and custom-designed pressure-sensitive safety mats available. Serving industrial, commercial, transportation and specialty applications for over fifty years. We also carry a full-line of safety controllers.

Pressure-Sensitive Safety

### SENSING EDGES

Collision and contact protection with a compact, compliant surface. Choice of profile, sensitivity, and over-travel characteristics. We also carry a full-line of safety controllers.

Sensing Edges

### LIGHT CURTAINS & LASER SCANNER

Light curtains that meet the most rigorous international safety standards. Custom versions available for harsh environments. Laser scanner is compact, lightweight and provides full area coverage over a wide zone.

Light Curtains

To learn how our new safety product line might benefit you or to hear more about our cutting-edge pneumatic products, or value-add and design capabilities, please contact our Pneumatic Automation department at 651.452.8452, email [FluidPower@jhfooster.com](mailto:FluidPower@jhfooster.com) or visit [www.jhfooster.com](http://www.jhfooster.com).

*John Henry Foster (JHFoster) is a leading distributor and service provider for automation and compressed air systems. Our mission is to assist companies like yours automate their manufacturing applications to make the process a positive journey. We are committed to providing successful solutions that exceed production demands, reduce costs, and increase overall efficiencies.*

*Headquartered in Eagan, MN, with a location in Fargo, ND, we also offer a fully-equipped team of mobile technicians that provide service to the 5-state area. Contact us today at 800.582.5162 or [jhfooster.com](http://jhfooster.com) to learn more about how you might benefit from knowing us.*
