

PRESCRIPTIVE REBATES AVAILABLE FOR INTEGRATED VSD COMPRESSOR

INTEGRATED VSD COMPRESSOR

Improve your compressed air production – and your bottom line.

KEY BENEFITS INCLUDE:

- Reduced power costs
- Reduced power surges
- Better air delivery of more constant compressed air pressure
- Produce a more efficient volume of air

3 EASY STEPS - NO APPROVAL NEEDED FOR REBATE!

1. Fill out application.
2. Attach to your paid invoice.
3. Mail or fax to Xcel Energy.

Variable Speed Compressors

10 HP - 49 HP

- The existing or proposed operating compressed air system must be less than 50 hp.
- New factory compressors from 10 to 49 hp with a factory installed variable speed drive control which form an integrated/package system. This prescriptive offer is not available for equipment purchased as a back-up.
- Based on the compressor drive motor's nameplate without considering the operating service factor or brake hp; if the drive motor is rated in kW, calculate the rebate using the formula: $HP = kW/0.746$.
- Rebate offer will not exceed 60% of the project cost.
- And more....
