

# JOHN HENRY FOSTER'S Safety Product Line

John Henry Foster (JHFoster) distributes a wide variety of pneumatic and electrical safety solutions, sensors and signaling products for protection and detection. These safety components are available individually, as an assembly/kit ready to install, or an addition to an electronic control panel - meant to help you focus your efforts on improving labor productivity, reducing labor costs, improving product quality and creating a safer work environment. The manufacturers we represent in our safety portfolio are listed below.

#### 80/20 INC

Guarding, enclosures and workstations

#### EMERSON - ASCO NUMATICS

Lock-out valves, power isolation bases

#### RENCO, INC

Pneumatic and electric two-hand anti-tiedown controls

#### AIR-MITE, INC

Pneumatic and electric two-hand anti-tiedown controls

#### EMERSON - AVENTICS

Lock-out valves, cylinder locking and holding units, power isolation bases

#### ROSS CONTROLS

Safety valves

#### BALLUFF

Safety over IO-Link, light curtains, door switches, safety sensors

#### EUCHNER

Safety switches, e-stop devices, limit switches, light curtains, safety controllers, safety photocells

#### TAPESWITCH

Sensing edges and bumpers, light curtains, safety and signal mats, safety interlocks

#### BIMBA MEAD

Pneumatic two-hand no-tiedown controls, lock-out valves

#### PIZZATO

Standard safety sensors, standard safety switches with separate actuators, heavy safety switches with separate actuators, safety switches with separate actuators and locks

#### WIELAND ELECTRIC, INC.

Safety relays, sensors, terminal blocks, light curtains

#### CARLO GAVAZZI

Interlocks, safety relays, sensors

#### ZSI-FOSTER, INC.

Safety quick couplers/blow guns

#### UL 508A ELECTRICAL CONTROL PANELS

Enclosures are built for indoor/outdoor industrial applications ranging from non-metallic, mild steel and stainless steel - all built to NEMA 4X, 4, and 12 standards.

John Henry Foster (JHFoster) is a leading distributor and service provider for automation and compressed air systems. Our mission is to assist companies like yours automate their manufacturing applications to make the process a positive journey. We are committed to providing successful solutions that exceed production demands, reduce costs, and increase overall efficiencies.

Headquartered in Eagan, MN, with a location in Fargo, ND, we also offer a fully-equipped team of mobile technicians that provide service to the 5-state area. Contact us today at 800.582.5162 or [jhfooster.com](http://jhfooster.com) to learn more about how you might benefit from knowing us.
