

# PRESCRIPTIVE REBATES AVAILABLE FOR MIST ELIMINATORS

## COMPRESSED AIR MIST ELIMINATORS

Improve compressed air system quality and efficiency while reducing costs

### KEY BENEFITS INCLUDE:

- Low Operating Cost – Pressure drop less than 1 psid
- Extended Element Life – Up to 10 years in normal use
- High Efficiency Filtration – 1 micron nominal rating
- Effective On Commonly Used Lubricants – Mineral and synthetic
- Minimal Maintenance – No yearly element replacement life
- Standard Differential Pressure Gauge – Maximize element life

To review complete rules and requirements along with access to an application, please go to:

As a recognized trade partner, John Henry Foster works with Xcel Energy to promote energy-efficient equipment and systems. Prescriptive rebates offered by Xcel Energy help offset the upfront costs of purchasing more efficient equipment or making process improvements.

### 3 EASY STEPS

No pre-approval needed for rebate.

1. Fill out application.
2. Attach to your paid invoice.
3. Mail or fax to Xcel Energy.

Start saving today!

## Mist Eliminators

- Mist Eliminators are a large, typically floor mounted filter rated for 1 micron nominal rating. The filter element should have a life expectancy of 5 to 10 years. The rated pressure drop over the life of the element should be less than 1 psig.
- Rebates for Mist Eliminators are \$1.50 per rated CFM.
- Mist Eliminators that are not eligible via the prescriptive offer can be submitted via the Custom Efficiency program for preapproval since a utility evaluation and analysis is required prior to equipment purchase and installation.
- And more....

Automation • Robotics • Compressed Air • Service

John Henry Foster (JHFoster) is a leading distributor and service provider for automation and compressed air systems. Our mission is to assist companies like yours automate their manufacturing applications to make the process a positive journey. We are committed to providing successful solutions that exceed production demands, reduce costs, and increase overall efficiencies. Headquartered in Eagan, MN, with a location in Fargo, ND, we also offer a fully-equipped team of mobile technicians that provide service to the 5-state area. Contact us today at 800.582.5162 or [jhfooster.com](http://jhfooster.com) to learn more about how you might benefit from knowing us.
