

TAX DEDUCTION FOR EQUIPMENT IRS SECTION 179 AND BONUS DEPRECIATION

The Section 179 Tax Deduction is now a permanent part of our tax code. This allows businesses to deduct 100% of the purchase price of qualifying equipment purchased in the current tax year. For the 2022 tax year, the deduction limit was raised up to \$1,080,000 and qualifying equipment must be purchased and put into service between January 1, 2022 and December 31, 2022. In addition, bonus depreciation is allowed for amounts in excess of the Section 179 limit so that 100% of any new equipment purchases can be deducted in that tax year. **Please contact your tax advisor to see if your business qualifies for the deduction.**

AT A GLANCE

- Section 179 encourages companies to invest in themselves by offering significant tax relief on qualifying equipment
- Qualifying equipment can be either financed or purchased in 2022
- Bonus depreciation is available for both new and used equipment
- Compressed air equipment from the following suppliers may qualify for Section 179
 - Quincy
 - Gardner Denver
 - Powerex
 - ZEKS
 - Nano
