

# PRESCRIPTIVE REBATES AVAILABLE COMPRESSED AIR DRYERS

## REFRIGERATED DRYERS

Refrigerated dryers with partial load controls have the benefit of saving energy by reducing electrical costs at partial loads. They have the capability of turning on, off and unloading or varying their speed which results in reducing the required power necessary to run the dryer.

### TYPES OF REFRIGERATED DRYERS WITH PARTIAL LOAD CONTROLS:

- Cycling
- Variable Speed Drive
- Digital Scroll

To review complete rules and requirements along with access to an application, please go to:

As a recognized trade partner, JHFOSTER works with Xcel Energy to promote energy-efficient equipment and systems. Prescriptive rebates offered by Xcel Energy help offset the upfront costs of purchasing more efficient equipment or making process improvements.

### 3 EASY STEPS

No pre-approval needed for rebate.

1. Fill out application.
2. Attach to your paid invoice.
3. Mail or fax to Xcel Energy.
